Morrow's Majority May Go To 30,000

Republicans Win In Landslide In Kentucky
But Democrats Carry New Jersey
—Ohio Votes Dry

(By Associated Press)

More complete returns today in off-year elections yesterday in several states did not change the outcome in any important respect.

The smashing victory of Coolidge, republican, in Massachusetts, re-elected Governor, by the largest vote ever polled by a gubernatorial candidate in that state, shared honors with the almost equally decisive victory in Ohio as the most striking result of the voting.

As a possible indication of the drift of popular sentiment preparatory to the national elections next year, yesterday's results are being closely scrutinized by party leaders.

Kentucky was swept into the republican fold in the governorship fight but today returns made certain that New Jersey had reverted to the Democratic column.

Maryland is the only other state in which a serious contest for Governor is still in doubt early today with the Democratic candidate leading.

The defeat of Governor Black in Kentucky by Edwin P. Morrow, republican, by figures approaching probably 30,000, will be more discussed than any other state result.

Lee M. Russell, Democrat, was elected Governor of Mississippi, by the usual majority.

In New York the state election turned on Judge of the Supreme Court, the Tammany Hall candidates suffering complete defeat.

Albert Ritchie, Democrat, was elected Governor of Maryland by a plurality approximately 900, according to unofficial late estimates.

LABOR LEADERS SAY STRIKE WILL GO ON

(By Associated Press)

Washington, Nov. 5.—In the absence of Attorney General Palmer, his assistant Ames, today announced the government can-

not accept organized labor's proposal to vacate the injunction against the mine workers officials and cannot abandon its position because the strike violated the law. This refusal according to Edgar Wallace, legislative repre-

sentative of the mine workers, means a long fight in the coal field who said withdrawal of the

union would have opened the

way for a strike settlement within 48 hours.

Labor leaders who have taken a hopeful view of a settlement are plainly disturbed by Ames' announcement. All agreed it would keep the strike going some time.

The votes in McLean county complete was 1,361, Morrow 1,348, Black's majority 13. Four years ago Morrow carried the county by 48. The prohibition amendment was carried by a vote of about four to one.

Jessamine county complete gives Black 1,735, Morrow 1,412. Black's majority is 323, a democratic gain of 190 over the 1915

Gov. Black carried Franklin county by a majority of 1,489, the being Black 2,929, Morrow 1,434. Stanley carried the same county four years ago by 1,569. The vote on prohibition amendment was 1853 to 1731 against.

Governor Black carried Franklin county by a majority of 1,489, the vote being Black 2,923, Morrow 1,434. Stanley carried the same county four years ago by 1,569. For lieutenant governor Shanks received 2,721 as against 1,280 for Ballard. The vote on the prohibition amendment was 1,863 for, 1,731 against.

REPUBLICANS TAKE LEGISLATURE, TOO

Louisville, Nov. 5.—One of the outstanding features of yesterday's election was the result in the races for the General Assembly, complete unofficial returns from the nineteen senatorial and 100 legislative districts showing that, for the second time in the history of the State, Republicans carried the lower house, and this by an unprecedented majority.

Returns also show that had it not been for the Democratic holdovers in the upper branch of the General Assembly, the Republicans would also be in control of the State Senate, having elected thirteen of the nineteen members chosen yesterday. This makes the upper branch including the holdovers, fourteen Democrats and five Republicans, stand twenty Democrats to eighteen Republicans, a bare majority.

That the Republicans will organize and be in easy control of the House of Representatives is assured from the returns, the Republicans having elected fifty-three of the 100 members, to forty-six Democrats, with the race in Trigg county a tie on the face of the unofficial returns. In Trigg county Representative G. F. Walthal, the Democratic incumbent, and A. F. Hanbrey, his Republican opponent, each received 1,581 votes.

One of the closest races for the State Senate was in Fayette county, where John M. Skin, Democrat, was defeated by J. Will Stoll, Republican, by a narrow margin.

Another surprise for the Democrats was in the Nineteenth district, Adair, Barren and Metcalfe counties, where J. R. Garnett was defeated by J. H. Branstetter, his Republican opponent.

Louisville contributed largely to the Republican gain in the Senate membership with the defeat of Lawrence Mackey, Democrats, by T. B. Watts, Democrat, and Charles H. Knight, Democrat, by Herman F. Monroe, Republican.

For the first time in his political career, Representative William F. Klar, Lexington, went down to defeat as an aspirant for a seat in the lower house of the General Assembly.

The Republicans swept the platter clean in Louisville and Jefferson county, electing a solid delegation of eight Representatives to the Legis-

lature.

SENATE TO INSURE ROADS' EARNINGS

(By Associated Press)

Washington, Nov. 5.—The Senate Interstate Commerce Committee virtually decided today upon temporary legislation continuing the government guaranteed returns to railroads after their return to private control January 1st, until such a time as Congress shall enact permanent legislation.

The committee members said there is little likelihood a permanent bill will be enacted before

January.

WILSON BREAKS DRY AMENDMENT ANOTHER PRECEDENT VOTE STILL IN DOUBT

(By Associated Press)

Washington, Nov. 5.—President Wilson from his sick bed today telegraphed congratulations to Governor Coolidge upon his re-election which the President termed a "victory for law and order". It is said to be the first time a president has congratulated a candidate of the opposing political party on his election. Officials held Coolidge's victory will go far toward encouraging officials over the country who are combatting radical propaganda.

COAL MEN OBJECT TO MAXIMUM PRICES

(By Associated Press)

Washington, Nov. 5.—Fuel administrator today told a delegation of operators there will be no chance at present in the maximum coal prices fixed by the government. He said if the strike lasts there may be some price readjustments necessary but "there is nothing to talk about now". The operators complained that maximum prices are pinching them. Garfield made it clear the government is acting in the interest of the whole people. He told a delegation of Kentucky operators who requested federal troops to guard their coal mines that the question of policing the coal fields is in the hands of Attorney General Palmer and he could not advise them on the subject.

NOVEMBER 9 SET AS LEGION SUNDAY

Ministers To Be Asked To Give
Part of Sermons To Its
Principles.

Clergyman throughout the United States will be requested to devote part or the whole of their sermons to the ideals for which The American Legion stands, on Sunday, November 9th. The National Executive Committee of The American Legion asks that this, the day preceding the opening of the national convention in Minneapolis, be observed as American Legion Sunday.

An official request from National Headquarters urging the co-operation of the 190,000 clergymen in America through the state branches and local posts of The American Legion says:

"The American Legion is an established fact. It is the concrete realization of that some sort of organization after the war, which was talked of in every cantonment in America, on board every ship of the Navy, and in every unit and sector of the A. E. F. It is the crystallization of the wish of every soldier, sailor and marine to organize after the war. In union there is strength and in this particular union will be found the bulwark of Americanism.

"The Legion has grown and its spirit has spread because it is worthy. In every test at the outset it repelled selfishness, narrowness, partisanship and clung tenaciously to the underlying theme Democracy. In every test it has withstood the temptation of exploitation for its members at the expense of the country at large. In no instance has it sought anything that was not just and equitable and in the best interests of all America. It is now always has been and will continue to be non-partisan and non-political in the accepted sense of those terms.

"But while it is non-political it has and always will have policies, in that it reflects the will and opinions of the majority of its members whose sanity, unselfishness and patriotism may be depended upon international integrity and action in questions affecting national integrity and adjustment."

J. A. Sachs, Jr., State Adjutant for Kentucky, has addressed the following communication to the Commander of each Post.

"Sunday, November 9, 1919, has been designated as American Legion Sunday, and we think fittingly so, as it is the last Sunday before the celebration of Armistice Day on November 11, 1919. Every post Commander is urged to communicate this fact to each minister in his county and to request the ministers to devote either the whole or part of their sermons to the purposes of The American Legion on Sunday, November 9, 1919.

"We believe that much food for from our 'Objects', which appear the top of this letter, and we suggest that you refer a copy of these 'Objects' to the ministers of your county promptly, so that they may prepare their sermons for November 9, 1919.

"This of course, is a nation-wide movement and we trust that you will see to it that your county does its part."

AMERICAN LEGION GOES AFTER ALIEN SLACKERS

Activities of the American Legion are in full swing in Washington in connection with legislation for the handling of alien slackers, conscientious objectors and those convicted of espionage act, according to word received at Kentucky State Headquarters from national officers of the Legion, who have requested that all local posts be informed concerning efforts now being made.

The Legion is not satisfied with provisions of the Lufkin bill, in order to provide more drastic penalties than are now contemplated for alien slackers who withdrew their citizenship papers to escape the draft, the National Executive Committee has appointed a special committee which will recommend to the House Committee on Immigration and Naturalization a more stringent amendment to the bill. The Legion takes the position that the first section of the bill, provided that aliens who claimed exemption on the ground that they were citizens of other countries shall not be admitted to citizenship for five years, is wholly inadequate. It is held that alien slackers should be denied citizenship altogether. The amendment to be offered will embrace a provision that names of alien slackers be publicly posted in communities in which they live.

Pressure of the entire membership of the Legion will be brought to bear upon members of the Senate Committee on Immigration in an effort to obtain immediate action on a bill introduced in Congress, and already passed by the House, which provides for the deportation of aliens and other undesirables convicted under the

Spionage Act. Legion Headquarters has issued a bulletin calling on all local posts and State branches of the Legion throughout the country to urge their respective Senators to use their effort to make this bill a law. Henry D. Lindley, chairman of the Legion, also asks all local posts and State branches to urge Senators to help obtain an amendment to the War Risk Insurance Act now in the Senate Committee on Finance, so that term insurance, as well as converted term insurance, may be paid in lump sums and that the bill, already passed by the House, be passed at once in the Senate.

Preparations are going forward at State Headquarters in Louisville for the attendance of the Kentucky dele-

gation at the National Convention to be held, beginning November 10, in Minneapolis. The recent State Convention of the Legion approved in Louisville's effort to obtain the 1920 convention and a strong plea for the Kentucky metropolis will be made in Minneapolis.

Following action by the State convention, with regard to the re-employment policy of the Standard Oil Co., in Kentucky, that corporation has assured Emmett O'Neal, State Employment Officer, that it will assiduously co-operate with the Legion in the future and that no ex-service man formerly in its employ will be refused employment as good or better than that which he held before the war.

Sunday, November 9, as been

designated as American Legion Sunday and hundreds of Kentucky clergymen will discuss the American Legion and kindred subjects in their pulpits on that day.

Social and Personal

A Delightful Evening

The musical program at Mr. Muncy's Tuesday evening conducted by Mrs. James Leeds was appreciated by a large crowd of listeners, the building being crowded from door to door. Several numbers were given by the Elder Orchestra, which were enthusiastically applauded. Mrs. Florence Eubank had charge of this musical feature and to her much credit, is due for these delightful evenings of music, which are growing in interest and attendance.

Johnson—Bourne

Many friends and relatives here are interested in the following account of the wedding of Miss Florence Johnson, which took place at Lancaster Saturday evening, a large number of relatives from here attending the wedding. It says: The marriage of Miss Florence Johnson to Mr. Bradley Bourne took place Saturday night at the Christian church, the Rev. J. R. Moorman officiating. The

church was decorated in rainbow shades. Mrs. May Hughes Noland played the wedding march and Miss Amy Dawes, violinist, and Mr. Iris Chandler, Corydon, gave a beautiful program. Miss Mamie Storms Dunn was the maid of honor and Mr. Robt. Byers, Lexington, best man. The bridesmaids were: Misses Florence Brown, Paducah; Thelma Wright, Cynthiana; Dodo Bourne and Edna Berkley. The groomsmen were Messrs. Robert Kinnaird, Allen Johnson, Paul Elliott, Glass Carrier, Tom Elmore and Keevil Walingford, Cynthiana. Entertained at Lancaster

Miss Mamie Storms Dunn entertained on Saturday afternoon from four to six o'clock in honor of Miss Florence Johnson, the bride to be. The handsome suburban home was beautifully decorated in autumn leaves, ferns and Hallowe'en devices. The dining room was particularly attractive, the round dining table was covered with a lace cloth and had for its center piece a large pumpkin basket filled with scarlet sage. There the guests were served to a delightful luncheon of hot chocolate, fruit cake and yellow sponge cake. The dim candle light and grinning pumpkin lanterns gave all the weirdness of a Hallowe'en occasion. In the receiving line with Miss Dunn, who was gowned in blue and gold brocaded georgette with a touch of coral, were Miss Johnson, with a charming costume of dark blue georgette with bands of black velvet and pearls, Miss Martha Buckman, of Henderson, wore a gown of white georgette with beautiful lace as a garniture, and Miss Anne Brackett Owens, of Paducah, was gowned in a lovely black georgette over silver and trimmed in silver and chenille. Other guests from a distance were Mrs. Elizabeth Simmons, of Richmond and Mrs. R. M. Newland, of Stanford. More than forty guests enjoyed the hospitality of the afternoon.

The Closing Series of Auction Sales By Swinebroad, The Real Estate Man, of Lancaster, Ky. 5 Mercer County Farms--663 Acres in All

Friday, November 7, Saturday, November 8, Tuesday, November 11

"Land Hunger is still Unsatisfied." But few farms can now be purchased either privately or at auction. This may be your last opportunity. Swinebroad is the only man in the business who has offered a series of sales in the same neighborhood, so as to give the buyers an opportunity to attend and look over the different farms at the least expense. I have refused to offer at auction almost as many farms as I have sold. Why? Because I know land values and will not offer at public sale any farm unless owner is willing to absolutely "turn loose" or "turn loose" at a price which will justify the buyers to bid. This is one of the reasons why Swinebroad "ALWAYS SELLS" and the bidders fix the price. These farms are located in the very best belt in Mercer county.

Dykes Raises Some Beets

Mr. Wash V. Dykes, the plumber, who resides on Big Hill ave., this city, has probably the biggest beet in this section—that is, he raises them. He has an exhibition at the State Bank & Trust Company a beet which he grew in his garden that is 22 1/2 inches long, 19 inches in circumference and weighs exactly nine pounds. This is not the only one of the "Jumbo" variety, but he has quite a number that will weigh 5 and 6 pounds that he does not consider any beet at all. Dempsey's Next Fight

(By Associated Press)
Denison, Tex., Oct. 31—Jack Dempsey will stage two fights in the United States early next year and then will take on the winner of the Beckett-Carpentier fight to be put on soon in England, according to Jack Kearns, manager of the heavyweight boxer, who appeared with a circus. Dempsey will close his circus engagement November 5th, and then will make two pictures for a motion picture concern. After that he will get down to training for his bouts in this country. Kearns said he had refused an offer of \$175,000 for a match with the winner of the Beckett-Carpentier fight, to take place in England but had made a counter offer for

REPUBLICANS WIN IN MASSACHUSETTS

(By Associated Press)
Boston, Nov. 4—Gov. Coolidge was re-elected today by a plurality that was steadily increasing as late returns came in. Boston gave the democratic candidate for Governor, Richard S. Long, a plurality unofficially of 4,892 as against 19,909 in 1918. A little less than one-third of the state outside of Boston reported at 7:45 o'clock tonight gave Coolidge a lead of 46,171. The vote promises to be the largest ever cast. Long early tonight conceded the election of Gov. Coolidge.

Wets Lead In Ohio Cities

(By Associated Press)
Columbus, O., Nov. 4—First scattering returns in the Ohio prohibition election tonight were from the larger cities and reported big wet majorities on the four prohibition proposals. The new returns from smaller towns showed majorities for the drys on three proposals and for the wets on the state prohibition enforcement referendum.

DRY AMENDMENT WINS EASY IN MADISON

Only partial returns were received Tuesday night from the vote on the State-Wide Prohibition amendment in Madison county. All indications point to it having carried here by a safe majority. Many other counties in the state report heavy majorities in its favor also, though some few outside the big cities went wet. It is believed that the dry majority in Kentucky may go as high as 50,000.

DRYS LEAD IN RURAL OHIO

Columbus, O., Nov. 4—Early returns show that Ohio voters consistently voted wet or dry on all four prohibition proposals despite predictions that the vote would be split. At eight o'clock scattering returns showed the Drys leading in the rural communities by almost three to one, while in Cleveland and some other large cities the Wets led by 2 to 1.

WIND STORMS CYCLONES AND TORNADOES

The season for these destructive agents is now upon us. Chimneys, roofs and entire buildings can easily be destroyed in a few minutes. The cost of my windstorm policy is so very reasonable you cannot afford to go uninsured. Better protect yourself at once by taking out a policy in one of my large companies. Let me make you feel safe and probably save you a big loss.

DRY MAJORITY IN MADISON OVER 500

With Vote From Two County Precincts Yet To Hear From —Richmond Votes Wet

With the vote from Bearwall and Chenault precincts missing, Madison county gave a dry majority of 560. The stubs of the ballot books which were returned to the County Clerk's office Wednesday morning, did not give the count on this constitutional amendment, as made by the election officers. Each officer, however, is expected to keep a duplicate sheet showing what the result was, and the vote on this constitutional amendment in these two precincts may be obtained from these.

Workers for the prohibition amendment regretted to note that in the four precincts of the city of Richmond there was a majority against the amendment of 47, the vote in Richmond standing 485 for the amendment to 532 against it. The complete vote in the county with the exception of the two missing precincts was as follows, as taken from the stub books:
